

BEYOND TECHNIQUE WORKSHOP

Dates: July 11th to July 15th
July 18th to July 22nd
July 25th to July 29th

Tuition: \$150 per week

Ages: 12+

For those interested, we are offering an additional workshop, ***Beyond Technique***, for the students from 2pm to 5pm. During this time, the dancers will gain more insight into the history of ballet and the choreographic process through choreographing their own movement and watching classical ballets. The majority of the time will focus on **individual coaching** on classical and contemporary variations during the afternoon, working towards what the principal dancers they will watch have achieved. This program will cost \$150 per week (the total for both the Summer Workshop and Beyond Technique each week is \$300).

The three hours will begin with familiarizing the students with the classical and contemporary variations through watching professional ballet dancers on video and discussing the origins of the variation. Then the dancers will learn the work, receiving in-depth feedback and critiques from the faculty. Their own movement invention will also be explored as the students and faculty delve into contemporary work, both new and old.
